## Presentation of GO 4 Schools

This event is specifically for Data Managers, Senior Leaders and Headteachers.

A presentation of the key features of using GO 4 Schools with examples of how Deira International School utilises their system for maximum benefit to support school performance.

Nicholas Bloom has worked in Secondary Education in the UK prior to working at Deira International School in Dubai where he is the Associate Assistant Head responsible for data, assessment, reporting and timetabling. Using GO 4 Schools has transformed the use of data at DIS and has been key in helping the school move from very good to outstanding.

Deira International School will demonstrate how they use GO 4 Schools in their setting. They are an all through school and have been using GO 4 Schools since 2020 and are now established users of the software.

They have the following modules as part of their subscription; markbooks, progress reports, behaviour, parental engagement, homework, mobile app, seating plans and attendance tier 3. They will be able to share their knowledge and experience of using GO 4 Schools.

All delegates attending the presentation will be offered access to our demonstration site after the presentation.

### **DATES AND TIMES:**

**Thursday 23rd November 9:00 –10:00 UAE time—on-site in school.**

### COSTS AND BOOKING DETAILS

Attending a presentation of GO 4 Schools is **FREE**. Please complete the booking form to provide us with your contact details and to secure your place.

The session will be a maximum of 10 schools to enable the opportunity for attendees to discuss aspects of their use of GO 4 Schools.

Email: [events@go4schools.com](mailto:events@go4schools.com) or Tel: **01223 967556**

### GO 4 SCHOOLS - HUB SCHOOL TRAINING EVENTS

Our training events are developed in partnership with our Hub schools. Each 'Hub' has a practitioner with a wealth of experience and knowledge of using GO 4 Schools and is happy to share their insights with other schools.

See our website for more details of other events running this academic year.

"Since implementing GO 4 Schools in November 2020 it has revolutionised the way all stakeholders at our school use data. It provides us with a comprehensive platform for all the information we use on a day-to-day basis in real time. GO 4 Schools has enabled us to have more transparency within the school but also engages parents and students who have access to live information on their assessments, attendance, and behaviour. Students can see feedback in real time enabling them to be more independent and reflective towards their learning. Using the GO 4 Schools platform has already made a positive impact on our students' attainment, progress, and behaviour."

"The full set of GO 4 Schools modules are fully embedded within our school and are used effectively to track pupil attainment, attendance and behaviour. GO 4 Schools is utilised fully at our school and we can provide support for the Secondary and Primary phase both locally and internationally."
