

Markbooks

A training course suitable for both new and established users of GO 4 Schools markbooks. We aim to extend your application of markbooks to progress towards capturing 'live' assessment data.

Build your confidence and understanding in using markbooks to track quality assessment information across the curriculum.

Maximise your training:

All courses will be delivered using Microsoft Teams, we recommend that you use the App to access the training as the online version has some reduced functionality that may hinder the visibility of some aspects of the training session.

All delegates will require at least a laptop with a microphone and camera, if possible we suggest access to two screens so you can follow the training and also access GO 4 Schools during the training.

The course is also available to book exclusively for your school and is suitable for all levels of leadership.

Delegates will need to have **School Manager** access in your GO 4 Schools system.
