

School Leaders Analysing data

A training course specifically developed for school leaders focused on raising attainment to review their strategy for data management and quality assurance of the data for analysis. The course aims to support approaches to assessment to improve the implementation of GO 4 Schools.

Quality assurance of accurate data and using analysis tools to support your journey of strategic school improvement.

Course Details:

This course is set up to enable the School strategic data lead, aspiring middle leaders or the Data manager responsible for the daily administration of GO 4 Schools to review the set up of GO 4 Schools and consider the quality of the data for analysis by a range of stakeholders. Key points discuss the school approach to recording and embedding a school wide understanding of assessment data and building knowledge of using our analysis tools to directly impact on student outcomes.

Key aspects covered:

- Student attributes—setup and using for data analysis based on your school context.
- Key performance measures and the analysis tools for analysis.
- Curriculum overview and analysis tools for reviewing the quality of education impact.
- Subject statistics and in year tracking to support interventions and gaps in learning
- Effective use of the interactive ribbons for Year groups, subjects and key focus groups.
- Using Explorers for more detailed analysis and sharing with key leaders
- Using Charts for more forensic analysis
- Generating snapshots of reports to analyse progress over time
- Headline dashboard views for effective tracking

During the online course there is some time for delegates to discuss their approaches. The course content should allow for developing key action plans for change and sharing ideas of how you are using GO 4 Schools .

Current training offers include:

- End and start of academic year set up for Data managers
- Induction for new Data managers or those new to managing GO 4 Schools.
- Set up and use of markbooks
- Analysing data for Data manager, senior leadership and data teams
- Effective use of Behaviour and attendance modules
- Post-16 data analysis

See our website for more details: [Engage - GO 4 Schools](#)

Maximise your training:

All courses will be delivered using Microsoft Teams, we recommend that you use the App to access the training as the online version has some reduced functionality that may hinder the visibility of some aspects of the training session.

All delegates will require at least a laptop with a microphone and camera, if possible we suggest access to two screens so you can follow the training and also access GO 4 Schools during the training.

Delegates will need to have **School manager** access in your GO 4 Schools system.
